DIDSBURY, ALBERTA, WEDNESDAY, SEPT. 22, 1954

\$2.50 a Year; 6c a Copy

Fisher-Rennie Nuptials Held

On the afternoon of September 11, Zion Evangelical Church, Didsbury, was the scene of a lovely wedding when Jean Annabelle Rennie, daughter of Mrs. Herbert Rennie, became the bride of Royden Otto Fisher, son of Mrs. E. B. Grange and the late A. C. Fisher of Didsbury.

The church was decorated with white tapers and baskets of daisies. At the double-ring ceremony the bride was given in marriage by her brother William B. Rennie and Rev. A. J. Grams officiated.

The bride's wait-length white dress of point d'esprit over nylon net and satin with lace bolero, was fashioned with a sweetheart neckline and lily point sleeves. Her finger-ring veil of nylon tulle was held in place by her lace cap. She carried a bouquet of yellow roses and stephanotis, centred with a mauve orchid.

Her maid of honor, Miss Helen Panabaker of Calgary and the bridesmaid, Miss Joan Smith of Regina, were dressed identically in wait-length, strapless dresses of mauve nylon net with matching net jackets. Their head-dresses were of white baby mums and daisies and they carried bouquets of mauve and pink tinted carnations and white daisies.

Mr. Donald LeGrand of Didsbury attended the groom. Dale Simmons and Hugh Slater of Edmonton were the ushers.

Mrs. Jean Broadhurst played the wedding music and Gail Duffy of Calgary sang "The Lord's Prayer" and "Wherever You Walk" during the signing of the register.

The bride's mother wore a powder blue dress of crepe, with matching hat and corsage of pink roses. The groom's mother was dressed in an Empire dress and dusty rose hat, and a corsage of Ko-Ko-Mo carnations, roses and white baby mums.

The reception took place in the church parlors for 115 guests, where the bride's table was centred with a three-tiered wedding cake and candles. Mr. Tom Morris, uncle of the bride, proposed the toast, to which the groom responded.

For travelling the bride chose a brown tailored suit and shortie coat with a mauve orchid corsage.

The bride and groom, graduates of the University of Alberta, will reside in Edmonton after a honeymoon trip to points in the U.S.

REGULAR COUNCIL MEETING MONDAY EVENING

At the regular meeting of Didsbury town council on Monday evening, building permits were granted to C. Johnson and W. Reist.

It was announced that the provincial municipal convention would be held in Calgary on November 4, 5 and 6.

Fred Evans was appointed as enumerator to make up the voters' list for the election in March, 1955.

Zella W.I. Holds September Meeting

Mrs. E. Waldruff was hostess to 12 members and 2 visitors for the Zella W.I. meeting held Thursday evening, September 16th. Roll call was to wear your oldest hat or one you had made, and these hilarious concoctions made us forget our harvest troubles for awhile.

Notes of acknowledgement were received from Jean McCracken of the Westward Ho Club for \$5.00 and from the Cancer Society for \$83.50.

Plans are going ahead for the annual fall bazaar to be held in November. C.A.C. bulletins were read and discussed.

For an open topic Mrs. Jim Johnston read an excerpt from the Federated News "Book Quiz" to combat comics and crime comics. Mrs. Wilbur Jahnke had charge of the "bit of fun."

Mrs. Dick Nelson will be the next hostess on Thursday evening, Oct. 21st. After "The Queen" Mrs. E. Waldruff served a delicious lunch.

Miss Lillian Youngs of Edmonton is holidaying at the home of her sister, Mrs. Jim Johnston.

Mr. and Mrs. William Stedall of Camrose were visitors at the home of Mr. and Mrs. A. Oppen on Wednesday and Thursday of the past week.

LADIES' GOLF NOTES

With the old weatherman will co-operate we'll have an event for everyone this Thursday. Draws 2 to 2:30. Tee off 9 o'clock.

WESTERDALE NEWS

(From Our Own Correspondent)

Sunday's playoff ball game had to be postponed due to the inclement weather which blew in shortly after noon bringing rain, hail and snow. It is anticipated that the game will be played next Sunday if weather permits.

Temperatures dropped to 22 degrees early Monday morning, freezing ice one-quarter inch thick and doing considerable damage to gardens and flowers.

Mr. Ben Kershaw motored to Innisfail early Sunday to bring Greta home for the day.

Don't forget the dance this Friday with Krebs' orchestra.

Mr. Bill Wiley and Mr. Don Sutherland returned to Drumheller on Monday after visiting at the home of Mr. and Mrs. F. J. Jackson since Wednesday evening.

Canada's Darling, Marilyn Bell of Toronto, made swimming history when she completed the swim across Lake Ontario recently. The 16-year-old youngster is shown in the above photo resting out for the break-water on the Ontario side of Lake Ontario after spending some 21 hours in the water.

MOUNTAIN VIEW

(From Our Own Correspondent)

Mr. Joe Hunter, Jim Wilson and Cliff Halgren were fishing at Buck Lake over the weekend.

Mrs. Joe Hunter, Jimmy, Donnie and Judy were Sunday dinner guests with Mr. and Mrs. Sam Elliott.

Miss Margaret Boyd and Mr. A. Hanson of Airdrie were Sunday visitors with Mr. and Mrs. Arthur Gobers.

Mr. John Hunter of Calgary was weekend visitor with Mr. and Mrs. Lawrence Hunter and Donna and visited with Mrs. Joe Hunter and family and Mr. and Mrs. William Gobers.

Mr. and Mrs. Max Fraser and Kenneth of Three Hills were Sunday visitors at the Grenville McCaig home.

Mr. Max Fraser, Grenville McCaig, Lawrence and Anna, motored to Buffalo on Sunday to take Jean Boettger home after spending some time there.

Mr. and Mrs. Dwayne Fobes entertained Sunday for Rev. and Mrs. Fry, Mr. and Mrs. Loyal Sauer and family, Mrs. Nelson and children and Mr. Gordon, Coates, the occasion being their daughter Judy's birthday party.

Mr. and Mrs. John McNaughton attended the christening of Marjorie Elizabeth, daughter of Mr. and Mrs. John Yellowlegs, on Sunday in the Church of England at Acme. Mrs. McNaughton was godmother.

Mrs. Ives Hamper and children visited Sunday afternoon with Mr. and Mrs. Grenville McCaig.

Mr. and Mrs. George Clarke were Sunday afternoon and supper guests with Mr. and Mrs. Grenville McCaig.

He: "Well, I suppose you're plenty angry because I came home with these black eyes last night?"

She: "Not at all dear. You may not know but when you came home you didn't have those black eyes!"

MISS ROBERTSON SPEAKS TO WESTCOTT W. A.

Eleven members and two visitors met at the home of Mrs. A. Wahl in Didsbury, instead of Mrs. R. McFarlane, for the September meeting of Westcott United Church W.A.

Scripture reading was taken by Mrs. G. Youngs on Beatitudes and devotional was given by Mrs. R. McNaughton on "The Christian Citizen and one's duty to God and fellow man."

Miss Margaret Robertson who had just returned from a week's conference at the Banff School of Fine Arts gave a very interesting talk concerning racial prejudice and Christian and community leadership. It was decided that the W.A. sponsor a chicken supper on Wednesday evening Oct. 27, at Westcott United Church. Meeting closed with a hymn and the Lord's prayer.

C.N.I.B. Campaign Starts In October

"One good thing about all the leisure time we have these days, is that we can share it with the handicapped, such as the sightless," observed Mr. R. V. Hewlett, executive officer of the Canadian National Institute for the Blind in southern Alberta.

"Thanks to C.N.I.B. the sightless of 1954 do not sit alone in a corner, but step out in the company of a friend or a volunteer guide for a social, a musical, or a game of bingo," he said. "Not only that the executives of their clubs and associations are drawn from the blind." He spoke of the 48 clubs of the sightless (financed by C.N.I.B. with no other purpose than to provide recreation for the blind, an opportunity to learn business procedure, and to develop a means of conducting their affairs under blindness).

He explained that there are bowlers, basketball players, a Canada-wide competition every spring, with scores that make sighted bowlers envious. The blind enjoy sleigh rides along a quiet country road, where they can leap on and off the sleigh with ease and follow the sound of the sleigh bells. Square and modern dancing are popular and, by means of Braille playing cards, they are masters of all the regular games from bridge to cribbage.

"In the summer C.N.I.B. provides a round of out-door activities to meet every taste," Mr. Hewlett continued. Several summer camps across the Dominion offer a 10-day holiday to a large number of sightless people who would not be able to have one otherwise," he said. "The freedom, relaxed living and happy companionship earn into the short period at the camps, an adjustment to blindness that would take years of training in the private home."

"It is simply because recreation is such an effective means of adjustment of combating the handicap, that C.N.I.B. builds it into its program. Your donation to the coming financial campaign supports this important service, a service that restores the blind so splendidly to pleasant living."

The campaign in this district will be held in October. Give as much as you can when the canvasser calls.

CARTSTAIRS PIONEER DIES IN CALGARY

Resident of Calgary and Cartstair for many years, David Fitzgerald died in the southern city Sunday.

Born in Walton, Ky., Mr. Fitzgerald came to the Calgary and Cartstair districts in 1909 where he was engaged in the railroad contracting and construction business.

He had lived in Calgary for the past 15 years, although retaining his farm at Cartstairs.

NOTICE TO SUBSCRIBERS
Subscription accounts will be mailed shortly to all subscribers in arrears to "The Pioneer." You could save us extra work and expense by paying your arrears as soon as possible. This would be very much appreciated.

Mountain View Institute Meeting

The regular meeting of the Mountain View W.I. was held September 15th at the home of Mrs. J. Worrall, with 11 members and 13 visitors present. Meeting opened in the usual manner with singing of O'Canada and repeating the creed.

A very interesting person present was a visitor from Scotland, who gave some of the highlights of their W.I. She said it consisted of 100 members and was held in a large hall in the evening. No lunch was served except on the birthday of the W.I. and at Christmas.

It was reported that 610 pounds of old woollens had been collected and shipped. It was decided that Mrs. L. Hunter collect the money for the blankets and help Mrs. Gobers distribute them.

Roll call was answered by a school book. Mrs. Charles Snyder gave the topic, Alberta Curriculum, and it was ordered by all.

The "bit of fun" was won by Mrs. Gobers. The ten-cent draw netted \$2.45 and was won by Mrs. Charles Snyder.

The meeting closed with "God Save Our Queen."

I.O.D.E. HOLDS FIRST FALL MEETING

The first meeting of the season of the I.O.D.E. held last week, voted to send money to the Provincial and National Fund. A special donation of \$25.00 is to be sent to the Korean Project Fund to buy medical equipment and supplies.

A special canvass for the Canadian National Institute for the Blind was arranged to be held October 4th to 8th and a tag day on October 9th.

Miss Beverly Wiggins was the winner of the \$50 I.O.D.E. scholarship offered by Miss Chapter to the Grade XII student graduating with the highest standing in the local school. Miss Wiggins will use the money to finance a degree course in pharmacy.

WRITES FROM LADNER

Enclosed please find \$2.50 for renewal to The Pioneer. How is your weather? We have had a very poor summer and lots of rain; very poor fruit crop this year and things in general are very backward. Our best regards to our many friends and former neighbors back there. We still enjoy our Pioneer.

Mr. and Mrs. E. M. Rodney.

Ladner, B.C.

Life Expectancy Up For Infants

Babies born today can expect to live longer than babies born 20 years ago. The increase in life expectancy has been greater for girls than for boys.

A new Canadian life table published Monday by Bureau of Statistics shows that 84 years have been added to the expected life span for females since 1931, compared with 61.3 years for males.

Life expectancy at birth reached 68.3 years for males and 70.8 years for females by 1931. This is a gain for males of 3.3 years since 1941, as compared with a gain for females of 4.5 years.

Once a child passes the first year of life, its life expectancy increases appreciably. At one year of age a male child may expect to live an additional 68.3 years and a female 72.3, representing a gain for a male of two full years more than expectation at birth, and 1 1/2 more years for a female.

The regular bingo game, sponsored by the Didsbury Lions Club for charitable purposes, will be held as usual in the Armories starting at 9 Saturday night.

The usual array of beautiful and useful prizes will be on display and that fellow "Oscar" is now worth \$50 to some fortunate player.

Canadian Superior Oil of California Ltd. has moved a service rig to its Robertson No. 9-26 Mississippi gas discovery well drilled west of here over three years ago, and has started testing on an oil showing that was obtained in the Cardium at the time the well was drilled.

This interesting venture is Canadian Superior-Robertson 9-26, seven miles southeast of the Great Plains-Canadian Superior at Elkhorn 16-13 Mississippi well gas discovery well, eight miles southwest of Didsbury.

When drilling crew entered the Cardium at 6,360 feet a drillstem test from 6,421-65 feet gave up 25 feet of oil-saturated mud and oil and 65 feet of mud. After finding gas in the Rutledge section of the Mississippi hole was taken down to total depth 10,553 feet, plugged back and seven-inch casing was set at 8,275 feet and hole was capped as a potential gas well.

Canadian Superior moved a service rig to the Robertson well-site on Sept. 1, recommissioned the hole and shut off intrusion water. The Cardium was then perforated from 6,425-40 feet, with eight shots per foot, and a sand-trac treatment was applied, using 1,500 pounds of sand-trac with 40 barrels of oil. During 15 hours of swab testing the well had given up 49 barrels of fluid, mostly input oil. Swabbing was being continued at the weekend.

Miss Lee Ann Meriwether, whose measurements are 34 1/2 by 25. She's five feet eight inches tall.

TRACTOR SAFETY MEASURE

The Alberta Safety Council advances the following suggestions for the safe operation of farm tractors:

1. Be sure the engine is cool and not running when filling gas tank.
2. Keep shield from power take-off in place.
3. Sit down while operating tractor.
4. Do not make adjustments while machine is in motion or in operation.
5. Do not hook thumb over crank when cranking tractor.
6. Do not manipulate clutch from ground when connecting another implement.
7. Do not drive too close to edge of bank or gully or ditch along road.
8. Do not allow children to ride on tractor.

TRY IT!!!

A little bit of smiling, and a little
sunny chat.

A little bit of courage, to a com-
rade shipping back.

It's not the "biggest" things that
count, and not the "biggest"
show.

It's the little things that people do,
that make this world go 'round.
It takes a kindly action, and it
takes a word of cheer.

To fill a life with sunshine and to
drive away a tear.

Great things are not the "biggest"
things that make the "biggest"
show.

It's the little things that we may
do, that makes this old world go.

Down On The Farm Bancroft W. I. (Fifty Years Ago) Holds Meeting

Down on the farm, 'bout half past four
I slip on my pants and sneak out the door;
Out of the house, I run like the chickens
To milk ten cows and feed the chickens,
Clean out the barn, curry Nancy and Jiggs,
Separate the cream and slop the pigs;
Work two hours, then eat like a Turk,
And, by heck, I'm ready for a full day's work!

Then I grease the wagon and put on the rack,
Throw a jug of water in an old grain sack;
Hitch up the horses, hustle down the lane,
Got to set the hay in — it looks like rain.
Look over yonder, sure as you're born,
Cattle on a rampage and cows in the corn!
Heaving like I'm wind broke — wet clear through;
Set down a minute, wonderin' what to do.

Get back to the house, then for recompense,
Nancy gets straddle of the barb wire fence,
Joints all aching and muscles in a jerk,
I'm fit as a fiddle for a full day's work.
Work all summer, till winter is nigh,
Then figure up the books and heave a big sigh.
Worked all year, didn't make a thing;
Got less cash than I had last spring.

Now, some people tell us there ain't no hell,
But they never farmed, so they can't tell.
When spring comes 'round, I take another chance,
While the fence gets longer on my old gray pants.
Give my s'penders a hitch, my belt, another jerk.
And, by heck, I'm ready for a full year's work!

— Author Unknown

Eight members and four visitors met at the Midway school Wednesday evening for the September meeting, which opened with a song, followed by reading of the creed.

Roll call was answered by school lunch suggestions. Minutes of the August meeting were read and approved and the financial statement was read.

Correspondence consisted of a thank you card from Mr. and Mrs. Gordon Marsh, as well as thank you letters from the Canadian Cancer Society, Arthritis and Rheumatism Society and Care.

It was decided to hand tool a leather case for the Tweedsmuir history.

"God Save the Queen" was sung to bring the meeting to a close. A social evening followed, with lunch being served by the members.

HARNESS THE ATOM

For Canada, atomic power opens tremendous possibilities. As one of the world's largest producers of uranium, the raw material for atomic power, and with new deposits being uncovered almost daily, we are in a most favored position both for our economic development and for export to others. But that is only part of picture.

Until now industry in this country has been tied to power resources. Beyond power or pipe lines industry simply could not go on. Because it takes so much a wallop in so small a parcel the new form of energy will permit us to locate industry almost anywhere. This is a most significant and important factor for a country with a vast, a cold, and a largely undeveloped northern empire.

WE'RE GETTING BIGGER

Canada's growing population numbered 15,236,000 at mid-year, compared with 15,035,000 at Jan. 1 and 14,821,000 at mid-1953, reports The Financial Post. Increase of 201,000 in first six months of this year was 17% greater than comparable 1953 increase.

The Financial Post.

Through The Study Window

By REV. C. C. ARMSTRONG

"Much have I travelled in the realms of gold,
And many goodly states and kingdoms seen;

Saskatchewan, Manitoba, Ontario, Michigan, Illinois and Quebec have all been seen by me for the first time, Canada and the United States, too, have much larger and flatter areas than I had expected to find. Except for a few ranges of hills, the land is predominately level in the areas through which I have been. Even the Great Lakes, fortunately for me, were less rolling than anticipated.

The weather, except for my few days in Illinois, has been almost invariably dull, cool and showery. Lacking the sun to give me my bearings in direction, each place I have visited has left me in a complete daze about east, west, north and south. I am reasonably sure that all of these towns are entitled to lay out their blocks in any direction they wish, but wandering around in them, especially at night, requires an experienced navigator.

People are people, no matter where you go. Coming over the Great Lakes I was in a cabin next to two stately R.C. priests. They had mass in the morning, and we had a rostrant vesper service in the evening. But just looking at them, in the light of day, it was impossible to tell the "sheep" from the "goats." Perhaps it was the fact that there was nothing else to do, perhaps it was the stirring of the Spirit, but those who went down to sea in ships seemed unusually glad of the opportunity to worship.

I am not sufficiently informed to compare moral conditions in Canada and the U.S. I can only say that I myself saw more drunkenness and rowdiness in Toronto and in Niagara Falls than I saw anywhere else, but I draw no conclusions from this.

Ontario, in the areas I saw, impressed me by the number of brick houses and unpainted barns. In Toronto nearly every house, shack and business has a television aerial. I had seen T.V. before on the west coast, but here it was everywhere, for good or ill. One can only wonder at the number of people who care much for the things that are seen and pass away, but have no interest in the things that are unseen and yet are eternal.

While in Ottawa I visited the Experimental Station and the Observatory, and the Parliament Buildings. Here, at the capital of the dominion, as at every place, we need to be mindful of Him who is our God and who rightfully can claim "dominion from sea to sea and from the river to the ends of the earth."

WHY WORRY ABOUT TIME?

"Is this train ever on time?" growled the grouchy passenger.

"Oh," replied the conductor, "we never worry about it being on time. We're satisfied if it's on the track."

Notes From D.A.

By HOWARD J. FULCHER

In the fall and early winter months many cattle are lost through shipping fever (hemorrhagic septicemia) every year. Cattle do not have to be shipped to develop this disease, but may develop on any farm or ranch.

This disease most frequently affects cattle in the six-month to two year age group. Generally, affected animals first show high body temperature with loss of appetite, discharge from the nose, occasional coughing, difficult breathing, watery eyes, zantness, stiffened walk and sometimes diarrhea. Animals may recover in a week or two or may develop pneumonia and die in two to four days. Some develop a chronic form and linger on as poor doers for quite some time.

There are a number of predisposing factors to shipping fever, these all lower the animal's resistance. Main factors are rough handling in roundup and corralling, wet yards and corrals, sudden changes to new quarters, changes of feed and water, severe weather changes, excitement, lack of bedding at weaning time.

Control of the disease is best by eliminating the above factors as much as possible and the use of bacterins and anti-serums. Bacterins injected in two doses a week apart will give about nine months' protection, however about three to four days after injection resistance is quite low and therefore injection should be three weeks before weaning or shipping.

Anti-serums may be used which gives disease resistance for a short duration lasting two or three weeks. If any feeders or new stock are brought onto the premises they should be isolated for ten days to two weeks before they come in contact with the farm herd. These feeders should be provided with dry shelter, good hay, limited water, clean corrals and yards; if pastured allow animals to become accustomed by short pasture periods.

Care of calves at weaning time is important and the following items should be considered, bacteria injections two to three weeks before weaning, avoid hard driving or over crowding, provide good dry, well bedded shelter, make feed changes gradually.

If calves have not had bacteria injection, anti-serum may be used and will provide a resistance to the disease for about two weeks.

WESTWARD HO CATTLE CLUB HOLDS REGULAR MEETING

The Westward Ho Cattle Club held a meeting and weiner roast at the home of Mr. Spooner on September 6th.

Meeting was opened with the 4-H Pledge. Roll call was called with eight members present. The minutes of the last meeting were read and discussed. Adopted as read.

The club gave Mr. Jensen a belt to show his appreciation for work done on the display. The club gave out prize money to the members present. A discussion was held on the way to spend the club's money.

Norman Spooner moved the meeting be adjourned and following this members enjoyed the weiner roast, despite inclement weather.

How Banking keeps pace...

New ideas in bank premises give you speedier, more convenient, more informal banking service.

Modern machines help bank staffs keep up with greater use of services by more and more customers.

The chartered banks have opened many branches in recent years to meet the needs of growing Canada.

Today Canadians have 9,200,000 deposit accounts in the chartered banks—3,800,000 opened in the past ten years. Within the same period, branches have increased to 4,000; bank staffs have almost doubled to more than 50,000. Banking has grown in size and scope, continually adapting its services and improving its methods of operation, keeping pace with the greatly-increased banking requirements of the Canadian people.

DISTRICT NEWS

M.V.B.C. NEWS

(From Our Own Correspondent)

Frost! And yet we see people smiling and making the most of their situation, although it isn't at all pleasant. Better days will come, and then we can always smile, while it is on the way.

Painting is the order of the day in the apartments. Several friends have come to help in this work, and very soon teachers will be able to get settled in their new quarters for the winter.

Arthur Eby, maintenance superintendent, has the furnace in good condition, the plumbing to the apartments done, and is directing the electric installations that are necessary. This week the ladies of the church have been invited in to help get the buildings ready for occupation. They always have a good time and we appreciate their work so very much. What would we do without such faithful friends?

Miss Walsh, dean of women, has taken up residence in the College for the coming term. She is at present getting out the handbook so necessary to student regulations in their social life. We welcome Miss Walsh once more, and appreciate her kindness and efficient work in the College.

Mrs. Arthur Eby entertained Miss Walsh, Miss Grace Hunsperger, Mrs. Sam Eby and Miss Gladys Eby on Sunday for dinner.

Mr. Neil Neufeld is supervising the work on the root cellar. Help has been obtained for this and he being the vice-president of the Alumni Association of the College, has undertaken this work for them. He is diligent in his work, and the cellar is nearing completion.

Mrs. Walter Reimer has done a magnificent job on Earl's room in the boy's dorm. The walls are painted beautifully and the room looks so very nice. Edward Oke has been working on his room also, and we expect that these two rooms will be worth seeing when school opens.

We will miss Mrs. Habermehl as our cook this winter. She has been most efficient and always supplied the table with good, nourishing wholesome meals. We are hoping to secure another cook before school opens.

Are all the singers thinking in terms of Didsbury Choral Society? We believe that it will be most interesting and beneficial this winter. An entirely new approach will be taken so that the society will enjoy the work they are doing and will be able to master the compositions more perfectly. Mrs. Lusk is making real preparation for this group, and Mr. Widmark, who is the new piano teacher, will accompany him on the piano. Plan to join this community group and really enjoy the winter together, won't you?

Rev. and Mrs. Eldon Boettger, missionaries to Nigeria, West Africa, will be in the College campus this winter. They will live in the small cottage that has been Miss Eby's home and Mr. Boettger will take his fourth year of work in the College, which will give him his degree of

Calls For
Grain Advances

At a meeting of the F.U.A. executive, held in Edmonton Sept. 9th and 10th, the financial position of western farmers was given much consideration. In view of the very small quotas in prospect, it was the unanimous opinion that a system of cash advances to farmers against grain stored on farms should be instituted this fall. Results disastrous both to agriculture and business are foreseen unless this is done.

This point of view will be urged upon Mr. Howe and the cabinet, probably by a small delegation from the Western Farm Unions, which will visit Ottawa about the end of September. While at Ottawa, the delegation will present brief to the Canadian Tariff Commission in opposition to the proposed increase in the tariff on British woolen goods.

Plans for the coming one-day membership drive were reviewed by the executive. This will be styled "F.U.A. Round-Up Day" and will be held about the middle of November. The purpose of this drive is to get a majority of the farmers of Alberta enrolled in the union.

The location of the jubilee auditoriums to be built in Calgary and Edmonton by the provincial government, was discussed. It was felt very strongly that unless these buildings are centrally located in the cities, their usefulness to the rural people will be very limited. Representations to the provincial government will be made on this subject.

The Joke Box

"How'd you get along with your wife in that fight the other night?"

"She was crawling to me on her hands and knees."

"Yeah? What did she say?"

"Come out from under that bed, you coward!"

A salesman travelling the Southern territory on a hot summer day stopped in a small village to quench his thirst at a newly opened tavern. Noticing that the old church across the street was being moved, he asked the man behind the bar why it was being moved.

"Well, stranger," drawled the native, "I'm mayor of this town and I'm hummer per cent for law enforcement."

"What's that got to do with it?" enquired the salesman.

"We've got an ordinance hyar that says no saloon shall be nearer than 300 feet to a church. . . I gave 'em three days to move the church."

Bachelor of Sacred Literature. These missionaries have done most successful work on the foreign field for a number of years. We will enjoy having them in our midst. They have two small children.

Little Items of Local Interest

Mr. and Mrs. C. W. Newton of Camrose wish to announce the birth of a baby daughter on September 20.

Mrs. Jack Gillie, the former Miss Mae Ringheim, was guest of honor at a miscellaneous shower Thursday evening last at Knox United church. During the course of the evening games were played and songs rendered by Mae's "skating girls." The girls will certainly miss Mae at Carnival time. Many lovely suits were received from the 55 people present and from friends who were unable to attend. The good wishes of the community go with Jack and Mae, who plan to reside in Red Deer.

Mrs. Roy McArthur left for Winnipeg over the weekend, where she will holiday with her mother, who has just returned from the Old Country.

Those from here who attended the annual Masonic golf tournament on Sunday included Jack Riddoch, Sam Devine, Howard Halliday, Art Reuber, Bert Prevost, Bob Eubank and Lorne Clayton. In all there were approximately 100 shotsmiths present with Sam Devine being the only local prize winner, receiving three golf balls. (Ed. note: Hope he remembers he still owes me one!)

Mrs. Roy Kendrick visited Mr. and Mrs. Bob Dawkins in Calgary this week.

Miss Margaret Robertson was guest of honor following church service at Westcott Sunday evening. In appreciation of Margaret's work as organist, members of the congregation presented her with a train case. With it went good wishes for a successful year at the University of Alberta.

Mrs. J. R. Cunningham has been visiting friends in Edmonton, and is at present visiting Mr. and Mrs. Roy Reiffenstein in Coramotion.

Miss Geraldine Ford and Mr. Ken Ullman of Edmonton were weekend visitors with the former's parents, Mr. and Mrs. Ed Ford. On Saturday they motored to Calgary to attend the wedding of Geraldine's cousin, Miss Lila Viney, to Mr. Leroy Wallman.

Mr. Harry Monecy of Vancouver is vacationing with his son, Bill Monecy and family, for a week.

At the regular Lions Club meeting Thursday evening, Mr. Bruce Leyden of Calgary was the guest speaker. Following the business session the ladies were invited to hear the excellent talk by Mr. Leyden on his trip to the Far East.

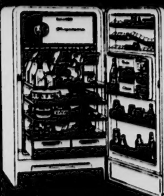

BIRTHS AT DIDSBURY MUNICIPAL HOSPITAL

Coming Events

Westcott United Church W.A. will sponsor a chicken supper Wednesday, Oct. 27 in the United Church basement.

Square dancing will be resumed this Friday for students 12 years and older, at the Lions hall, 8 p.m. with Murray Anderson calling.

Evening Group of Knox United Church W.A. will meet at the home of Mrs. Lorne Clayton on September 27 at 8 p.m.

THE TIDE MAY BE TURNING

During the 1953-54 crop year the pressure on wheat producing nations to lower prices. World wheat production was placed at 7,150,000 bushels and Europe, where most of the wheat importing countries are located, had a big crop. Production in the four main exporting countries, was high.

Present prospects indicate lower wheat production throughout the world and Europe appears to have a much smaller crop than last year with the harvest weather the worst in many years. A news dispatch from London states: "Nowhere is a bumper crop foreseen."

West Germany reports a harvest the worst in years. Authorities in Italy forecast a poor harvest with a wheat out-turn of 1½ million tons below 1953. The British harvest has been set back from two to three weeks because of bad weather and the grade of wheat will be poor. Conditions were fair in Holland but losses are expected in Belgium. In Austria grain crops will be 20 per cent lower than last year.

Authentic information from behind the Iron Curtain is lacking, but floods are known to have caused havoc among farmers in Eastern Germany, Czechoslovakia, Hungary and Romania.

There are still ample supplies of surplus wheat in exporting countries, particularly in Canada and United States, so that there will be no lack of that vital food. It would seem reasonable to assume, however, that world trade in the 1954-55 crop year will be larger than in the 1953-54 crop year. There may not be the same pressure for a reduction in wheat prices.
